EXPERIENCE

Better Blend Xavier

Financial & Data Analyst

Cincinnati, OH

Aug 2026 – Present

- Built a weekly Excel sales tracking log, monitoring revenue by hour and product category, surfacing peak demand windows, and informing staffing and inventory decisions
- Identified recurring slow-period patterns through transaction data review, generating operational insights shared with management to support efficiency improvements

PROJECTS

Self-Directed Finance Externship

Financial Analyst – Nike (NKE) Coverage

Remote

Summer 2026

- Conducted a 10-K analysis of Nike (NKE), examining revenue segmentation, gross margin trends, and liquidity position across FY2023–FY2025
- Built a three-statement financial model with dynamic drivers and a DCF valuation using CAPM-based WACC and sensitivity tables
- Drafting an institutional-style equity research report synthesizing financial analysis, industry positioning, and a 12-month price target

Independent Portfolio Management

Self-Directed

Spring 2025 – Present

- Built and managed an Investopedia mock portfolio, achieving a 35% annualized return within three months through equity research and active allocation decisions
- Conducted ongoing market research using the Wall Street Journal, The Economist, and Bloomberg to inform position sizing and risk management

LEADERSHIP & ACTIVITIES

Xavier University Black Student Association

Treasurer

Cincinnati, OH

May 2026 – Present

- Manage a \$20,000+ annual operating budget, overseeing fund allocation, expenditure approval, and financial reporting to the executive board
- Built and maintained a centralized Excel financial tracking system monitoring expenses, allocations, and balances across 10+ events per semester

McKinsey Forward Program – Participant

2026

- Participated in McKinsey's professional development program, building structured problem-solving, communication, and digital fluency skills

Bloomberg Market Concepts (BMC) Certification

2026

- Completed certification covering equities, fixed income, currencies, and macroeconomic indicators with hands-on Bloomberg Terminal exposure
